CARACOLE DEBUTS SPRING 2022 COLLECTION AT HIGH POINT MARKET 120+ NEW STYLES ENGAGE THE SENSES, INSPIRE ELEGANCE & OPTIMISM

APRIL 2, 2022, GREENSBORO, NC - Caracole announces the debut of its Spring 2022 collection during the High Point Market in High Point, N.C. Distinctly Caracole, the 120+ piece collection introduces an evolution of beloved styles and fresh looks designed to engage the senses, while infusing today's interiors with elegance and optimism. Forward-thinking, with a timeless appeal, this season's introductions ignite the imagination and seamlessly blend with existing pieces in the collection.

Introductory styles for Spring 2022 include:

CLASSIC

From ornate details inspired by art nouveau and architecture, to free-flowing organic forms that reflect harmony with nature, new styles effortlessly bridge formal and casual. Exquisite finishes give light to tonal wood grains and intricately pieced veneers, warmly complemented by the soft sheen of gold, silver, and deep bronze metal. Silkscreen florals and geometric patterns create interest and dimension, while jewelry-like hardware and painted interiors add a touch of the unexpected. Refined silhouettes are elegant and inviting, impeccably tailored in creamy velvets, textural wovens, and luxe mohair fabrics.

METROPOLITAN

Architectural lines intersect with geometric shapes and an elaborate use of positive and negative space to evoke a luxe metropolitan style. Sleek modern forms are defined by artistic expression and a dramatic mix of materials and finishes. Mirrored bronze, Tungsten, and painted metals add depth and a reflective element, elevated by handcrafted details, custom hardware, and the rich look of vegan leather. Extraordinary attention to detail merges with function for a show of sophistication and livable luxury.

COMPOSITIONS: OXFORD & VALENTINA

Defined by classic details, like the pairing of dark wood tones with the warmth of gold and marble-like stone, Oxford introduces a look of enduring luxury. Reeded decorative panels, rounded edges, and tall tapered legs capped in pyrite-painted ferrules lend a modern interpretation to traditional silhouettes, reimagined for today's scale and functionality. Carved, interlocking rings add an element of distinction that defines the collection's statement of strength and resilience, with lustrous fabrics layered in for soft contrast.

On a lighter note, Valentina reimagines classic silhouettes in Matte Pearl and White Truffle finishes with Golden Shimmer accents for an air of elegance fit for royalty. A subtle layering of detail, color, and material introduces a look that's distinctly formal, yet contemporary and uncluttered. Radiating v-grooved patterns on back-painted glass are beautifully balanced by elongated ovals, hourglass shapes, and gently curving forms in satin, velvet, and creamy chenille fabrics.
